CHAPTER-II

PROTECTION MEASURES FOR PUBLIC DRINKING WATER SOURCES

Licences to dig wells etc.

3. (1) Notwithstanding anything contained in any law for the time being in force and having regard to the interests of the general public to have the supply of requisite quantity of water for drinking purposes from the public drinking water source, no person subject to subsection (2) shall sink any well for any purpose in the vicinity of a public drinking water source within a distance of two hundred metres if it is a source
with Hand Pump or Open well, and within a distance of two hundred and fifty metres if the source is used with a power Driven Pump.

Explanation:- For the purposes of this section and section 5, the word 'person' does not include Government or any other authority under statute.

(2) Any person, who intends to sink a well for purposes of irrigation or drinking or for any other purposes within a distance of two hundred metres or as the case may be five hundred metres of a public drinking water source shall apply for permission to the appropriate authority in such manner and on payment of such fee as may be prescribed.

(3) The appropriate authority on receipt of an application under sub-section (2) may, on the advice of the Technical Officer, for reasons to be recorded in writing, grant permission for the sinking of a well for irrigation or drinking water purpose, if he is satisfied that such sinking shall not adversely affect the public drinking water source or refuse to grant permission if such sinking affects such source adversely:

Provided that if the appropriate authority fails to inform the applicant of his decision within ninety days from the date of receipt of the application the permission applied for, shall be deemed to have been granted but such permission shall always be subject to such conditions as may be prescribed.

(4) Every permission granted under sub-section (3) shall be subject to the condition that the appropriate authority
may for the reasons to be recorded in writing, by order, prohibit, restrict or regulate from time to time the extraction of water from such well if in his opinion it is necessary, to do so in the public interest and also such other conditions and restrictions as may be prescribed.

4. (1) If, at any time during the course of monsoon or thereafter, the appropriate authority on the advice of the Technical Officer having regard to the quantum and pattern of rainfall and any other relevant factor, is of the view that the public drinking water sources in any area of the district are likely to be affected adversely, he may, by order, declare such area to be water scarcity area for such period as may be specified in the order but not exceeding one year at a time. The Technical Officer shall also verify the rainfall data and shall observe regular water level fluctuations of the area.

(2) The appropriate authority may, during the water scarcity period as declared under sub-section (1), by order regulate the extraction of water from any well in such area by restricting or prohibiting such extraction for any purpose other than for drinking water purpose, where such well is within a distance of one kilometre of the public drinking water source;

Provided that, for the purpose of such regulation under this section—

(a) the area within one kilometre from the public drinking water source shall be divided into zones as may be advised by the Technical Officer and the
priorities referred to clauses (b) and (c) shall be taken into consideration for fixing the priorities;

(b) the well, not being the well from which water is used for the standing irrigated crops, which is nearer the public drinking water source shall be considered as the first priority;

(c) the well, water from which is being used for the standing irrigated crop shall, as far as practicable, may be, taken last in the priority.

(3) The order imposing such restriction or prohibition under sub-section 2 shall be served or caused to be served personally by delivering or tendering the same to the owner of the well at least fifteen days before the commencement of the orders of restriction or prohibition as the case may be;

Provided that where the owner cannot be found, an authentic copy of the notice may be served on any adult member of the family. In the case of an Order affecting the corporation or a firm, it shall be served in the manner for the service of a summons in rule 12 of Order XXIX or rule 3 of Order XXX as the case may be in the first Schedule to Act. Code of 1903, of Civil Procedure, 1903.

5 (1) The appropriate authority may, declaration or on the advice of the Technical Officer, watershed as declare a watershed as over exploited over exploited.”

(2) Notwithstanding anything contained in any law for the time being in force and having regard to the prime need of
water for drinking water purposes, of the human beings and in the interests of the general public to have the supply of requisite quantity of water for drinking water purposes from the public drinking water source in the over exploited watershed, no person shall, without the permission of the appropriate authority, sink well within the area of an over exploited watershed.

(3) An application for permission under sub-section (2) shall be made to the appropriate authority in such form and accompanied by such fee as may be prescribed.

(4) Every permission granted under this section shall be subject to,—

(a) the condition that the appropriate authority may for the reasons to be recorded in writing by order prohibit, restrict or regulate the extraction of water from such well for such period as may be specified in such order, if in his opinion it is necessary to do so in the public interest;

(b) such other conditions and restrictions as may be prescribed.

Prohibition of exploitation of water. 6 (1) The appropriate authority may, on the advice of the Technical Officer, that any existing well in the area of over exploited watershed is found to be adversely affecting any public drinking water source, and notwithstanding anything contained in any law for the time being in force and also having regard to
(2) Notwithstanding anything contained in any law for the time being in force and in other provisions of this Act, the appropriate authority, on the advice of the Technical Officer that any existing well in the area of an over exploited watershed is found to be adversely affecting any public drinking water source and if such source cannot be adequately protected by action under sub-section (1) may after giving the owner of such watershed a reasonable opportunity of being heard, by an order require him to stop the extraction of water from and close or seal off, such well forthwith either temporarily or permanently, having regard to the extent to which it is adversely affecting.

(3) Whenever it is necessary to make an inquiry or examination in connection with the protection of a public drinking water source or with the maintenance of a public water supply system, the appropriate authority or any officer duly authorised by him in this behalf may after giving prior notice to the owner or occupier of any land,—

(a) enter upon such land as he may think necessary for the said purpose;

(b) undertake surveys or take levels thereon;
(c) conduct pumping tests and geophysical surveys;
(d) conduct well logging on the site;
(e) install and maintain water levels recorder and water guages on the well;
(f) do all such other things as may be necessary for the prosecution of such inquiry and examination.

(4) Notwithstanding anything contained in sub-sections (1), (2) and (3), the appropriate authority may, on the advice of the Technical Officer, in any Urban area issue an order;

(i) prohibiting extraction of water for sale from an over exploited water source/aquifier depleting the public or private water sources and affecting supply of water for domestic usage; or;

(ii) restricting the drawal of ground water within the premises of multi-storeyed buildings for domestic usage.

7 (1) Wherever it appears to the appropriate authority that any well has been sunk or is being sunk in contravention of the provisions of this Act or water has been extracted or is being extracted in contravention of section 5, the appropriate authority or any officer duly authorised by him in this behalf may enter upon that land, remove obstruction, if any, close the pumping of the water, disconnect power supply, seize any
material or equipment used in connection with such extraction of water and take any such action, as may be required to stop such action; and may by order require the owner or the person in possession of the well to close or seal off the well at his expenses and in such manner as the appropriate authority may specify in such order and such owner or person shall comply with such order.

(2) Where such owner or person fails to comply with any order made under subsection (1), the appropriate authority may after giving such owner or person due notice in that behalf enter upon the land and close or seal off the well and the cost incurred therefor shall be recoverable from such owner or person as an arrear of land revenue.

8. Where an order of permanently closing down or sealing off the well, which is giving substantial yield and which is really useful for irrigating any land or for an industrial use, is made under section 6, the Collector may on making such enquiry and requiring the owner to produce such evidence as he may deem necessary, make an order for payment of compensation which shall not be less than the market value of the well including other expenditure incurred like energisation thereon and structure thereon and the provisions of the Land Acquisition Act, 1894 with Central Act regard to the determination of compensation for the well situated in a land acquired, shall apply in determining the market value of the well under this section.
provided that, where an order under section 6 relates to temporarily closing down or sealing off a well, water from which is used for the irrigated crops standing at the time of making such an order, the compensation for such crops shall also be payable under this section:

Provided further that, where by virtue of an order made under section 6 any well which is permanently closed or sealed off is, for any reason whatsoever, allowed to be opened for extracting water therefrom any subsequent order made for permanently closing down or sealing of such well again shall not entitle the owner thereof to claim compensation for such well.

Subject to the provisions of section 8, no person shall be entitled to claim any damages or compensation from the Government for any loss sustained by him as a result of any order passed under sub-section (3) of section 3 or under section 6 or section 7 or by virtue of any action taken under this Act.

CHAPTER-III
