PART IV

POWERS OF THE STATE GOVERNMENT

12. (1) The State Government shall have the power to issue policy directions on matters concerning electricity in the State including the overall planning and coordination. All policy directions shall be issued by the State Government consistent with the objects sought to be achieved by this Act and accordingly shall not adversely affect or interfere with the functions and powers of the Commission including but not limited to determination of the structure of tariffs for supply of electricity to various classes of consumers.

**General powers of  
the State  
Government.**

(2) If any dispute arises between the Commission and the State Government as to whether or not a question is a matter of policy or whether a policy direction issued by the State Government adversely affects or interferes with the exercise of the functions of the Commission, the same shall be referred to the Central Electricity Authority and the decision given by the Central Electricity Authority shall be final and binding. The Central Electricity Authority may appoint one or more members of the Authority to act on behalf of the Authority in relation to any matter referred to under this sub-section.

(3) The State Government shall be entitled to issue policy directions concerning the subsidies to be allowed for supply of electricity to any class or classes of persons in addition to the subsidies adjusted by the Commission while regulating and approving the tariff structure provided that the State Government shall contribute the amount to compensate such concerned body or unit affected by the grant of the subsidies by the State Government to the extent of the subsidies granted. The Commission shall determine the amounts and the terms and conditions on which such amounts are to be paid by the State Government.

(4) The State Government shall consult the Commission in relation to any proposed legislation or rules concerning any policy direction and shall duly take into account the recommendation by the Commission on all such matters.

**Constitution and functions of the Transco.**

13. (1) Within sixty days of the Act coming into force, the State Government shall cause Transco to be incorporated and organised under the provisions of the Companies Act, 1956, as the Transmission Corporation of Haryana Limited, with the principal objects of engaging in the business of procurement, transmission and supply of electric energy.

(2) Subject to the powers of the State Government under section 12, the Transco established by the State Government in terms of sub-section (1) shall be the principal company to undertake all planning and coordination in regard to transmission; undertaking the works connected with transmission, determining the electricity requirements in the State in coordination with the Generating companies, State Government, the Commission, the Regional Electricity Board, and the Central Electricity Authority; the operation of the power system.

(3) Transco shall own the extra high voltage transmission system, shall be responsible for the transmission system operation and shall operate the power system in an efficient manner.

(4) Transco shall undertake the functions specified in this section and such other functions as may be assigned to it by the licence to be granted to it by the Commission under this Act.

(5) Upon the grant of licence to the Transco under clause (a) of sub-section (1) of section 15 of this Act, the Transco shall discharge such powers, duties and functions of the Haryana State Electricity Board including those under the Indian Electricity Act, 1910 and the Electricity (Supply) Act, 1948 or the rules framed thereunder as the Commission may specify in the licence and it shall be the statutory obligation of the Transco to undertake and duly discharge the powers, duties and functions so assigned.

(6) Subject to sub-sections (1) and (2) and subject to the overall supervision and control of the Transco, a number of subsidiary or associated transmission companies may be established in the State and the Commission may grant licences under the terms of this Act to such transmission companies, in consultation with the Transco.

(a) transmitting electricity; or

(b) supplying electricity.

(2) Where any difference or dispute arises as to  
whether any person is or is not engaged or about to engage in  
the business of transmitting or supplying electricity as  
described in sub-section (1), the matter shall be referred to the  
Commission and the decision of the Commission shall be final.

(3) The Commission shall have the power to order any  
unlicensed person to cease operating and disconnect its  
apparatus.

(4) Notwithstanding anything contained in other  
provisions of this Act and until the establishment of the  
Commission in terms of section 3, the State Government shall  
for the period of six months from the date this Act comes into  
force have the power to grant provisional licences under this  
section having a duration not exceeding six months to any  
person or persons to engage in the state in the business of  
transmission for supply of electricity on such terms and  
conditions as the State Government may determine consistent  
with the provision of this Act, subject however, to the following  
conditions :-

(a) upon the establishment of the Commission, each of  
the provisional licences granted by the State  
Government shall be placed before the  
Commission and shall be deemed to constitute an  
application for grant of a licence by the Commission  
under the provisions of this Act; and

(b) each provisional licence granted under this section  
shall cease to be valid and effective on the date on  
which the Commission communicates the decision.

43

(5) The State Government shall be entitled to confer on the provisional licensees under sub-section (4) such powers, rights and authorisation as the Commission is entitled to grant to the licensees under this Act.

**Grant of licences  
by the  
Commission.**

15. (1) The Commission may on an application made in such form and on payment of such fee, if any, as it may prescribe, grant a licence authorising any person to-

- (a) transmit electricity in a specified area of transmission; and/or
- (b) supply electricity in a specified area of supply.

(2) In respect of the grant of any such licence the following provisions shall apply-

(a) any person applying for a licence shall publish a notice of his application in such manner, and with such particulars as may be prescribed by the Commission within 14 days after making the application;

(b) the Commission shall not grant a licence until-

(i) all objections received relating to the application for the licence have been considered by the Commission; provided that no objection shall be considered by the Commission unless it is received within three months of the date of the first publication of the notice under clause (a) above; and

(ii) in the case of an application for a licence to supply or transmit in an area which includes the whole or any part of any cantonment, aerodrome, fortress, arsenal, dockyard or camp or of any building or place in the occupation of the Central Government for defence purposes, the Commission has ascertained that there is no objection to the grant of the licence on the part of the Central Government;

reasons for such opinion; and

- (d) no application for a licence shall be made by any  
local authority except pursuant to a resolution  
passed at a meeting of such authority held after  
one month's previous notice of the same  
specifying the purpose thereof has been given in  
the manner in which notices of meetings of such  
local authority are usually given.

(3) A licence may prescribe the duration, extent to  
which, and the terms and conditions under which the  
transmission or supply of energy is to be made and contain  
such other conditions as the Commission may consider  
appropriate for achieving the purposes of the Act.

(4) Without prejudice to the generality of sub-section  
(3), conditions included in a licence by virtue of that sub-  
section may require the licensee to-

(a) enter into agreements on specified terms with other  
persons for the use of any electric lines, electrical  
plant(s) and associated equipment operated by the  
licensee ;

(b) comply with any direction given by the Commission;

(c) act in accordance with the terms of the licence;

(d) refer all disputes arising under the licence for  
determination by the Commission;

(e) furnish information, documents and details which  
the Commission may require for its own purpose or  
for the purposes of the Central or State  
Government or Central Electricity Authority;

(f) comply with the requirements of the Indian  
Electricity Act, 1910 and the Electricity (Supply)  
Act, 1948 or rules framed thereunder in so far as  
they are applicable;

(g) undertake such functions and obligations of the  
Haryana State Electricity Board under the Indian

Electricity Act, 1910 and Electricity (Supply) Act, 1948 as the Commission may prescribe;

(h) obtain the approval of the Commission of such things that are required under the licence conditions or for deviation from the same;

(i) notify the Commission of any scheme that he is proposing to undertake including the schemes in terms of the provisions of the Electricity (Supply) Act, 1948;

(j) purchase of the power in an economical manner and under a transparent power purchase procurement process, and

(k) supply in bulk to other licensees or to customers.

(5) Without prejudice to the generality of sub-section (3), conditions included in a licence granted by the Commission may require the holder of such a licence to establish a tariff or to calculate its charges from time to time in accordance with the requirements prescribed by the Commission.

(6) The provisions contained in the Schedule to the Indian Electricity Act, 1910 shall be deemed to be incorporated with, and to form part of, every supply licence granted under this Part save in so far as they are expressly varied or excepted by the supply licence and shall, subject to any such additions, variations or exceptions which the Commission is empowered to make having regard to the purposes of the Act, apply to the undertaking authorised by the licence in relation to its activities in the State :

Provided that where a supply licence is granted by the Commission for the supply of energy to other licensees for distribution by them, then in so far as such licence relates to such supply, the provisions of clauses IV, V, VI, VII, VIII and XII of the said Schedule shall not be deemed to be incorporated within the supply licence.

(7) The conditions included in a licence may contain provision for the conditions to cease to have effect or be modified at such times, in such manner and in such circumstances as may be specified in or determined by or under the conditions.

and an exemption to persons of a particular category or to a particular person shall be published in such manner as the Commission considers appropriate for bringing it to the attention of that person or persons of that category and of the public in general.

(3) The exemption granted may be revoked by the Commission at any time for reasons to be recorded in writing.

(4) An exemption, unless previously revoked, shall continue in force for such period as may be specified in or determined by or under the exemption.

(5) Every regulation or exemption made by the Commission under this Act shall be published in the Official Gazette.

**General Duties and Powers of the Licensees.**

17. (1) It shall be the duty of the holder of a supply licence or a transmission licence in respect of a particular area to develop and maintain an efficient, coordinated and economical system of electricity supply or transmission in the area of transmission or area of supply, as the case may be.

(2) Each licensee and Generating Company in discharge of its duties shall comply with the provisions of the regulations framed from time to time governing the terms and conditions for the operation and maintenance of power system and electric supply lines.

(3) Subject to sub-section (4), sections 12 to 19 of the Indian Electricity Act, 1910 (which relate to the carrying out of Works) shall have effect in relation to a person authorised by a licence under this Act to transmit or supply electricity, as if he is a licensee in that Act.

may be agreed between the State Government and the Transco or generating company(ies), as the case may be. The State Government would consult the major lenders while finalizing the transfer scheme. The State Government would continue to guarantee all the liabilities transferred to the successor companies.

Explanation: For the purposes of this chapter generating company (ies) shall mean the company or companies to be incorporated by the State Government to implement the reorganisation of the Electricity Industry in the State.

(3) Such of the rights and power exercisable by the Board under the Electricity Supply Act, 1948 as the State Government may, by notification, specify shall be exercisable by the Transco or generating company(ies), as the case may be, for the purpose of discharging the functions and duties with which it is charged.

(4) Notwithstanding anything in this section, where

(a) the transfer scheme involves the transfer of any property or rights to any person or undertaking not wholly owned by the State Government, the scheme shall give effect to the transfer only for fair value to be paid by the transferee to the State Government.

(b) a transaction of any description is effected in pursuance of a transfer scheme, it shall be binding on all persons including third parties, even if such persons, third parties have not consented to it.

(5) The State Government may, after consulting the Transco (the "transferor licensee"), or generating company(ies), as the case may be, require them to draw up a transfer scheme to vest in a further licensee (the "transferee licensee") or any generating companies, any property, interest in property, rights and liabilities which have been vested in the transferor licensee or generating companies, as the case may be, under this section.

(6) A transfer scheme may :-

(a) define the property, interest in property, rights and liabilities to be allocated :-

(i) by specifying or describing the property, rights and liabilities in question;

55

- (ii) by referring to all the property, interest in property, rights and liabilities comprised in a specified part of the transferor's undertaking; or
  - (iii) partly in the one way and partly in the other;
  - (iv) provide that in case of transfer scheme made for distribution the property, interest in property, rights & liabilities could be allocated either to a wholly State owned undertaking or a Joint Venture Company.
- (b) provide that any rights or liabilities specified or described in the scheme shall be enforceable by or against the transferor or the transferee;
- (c) impose on any licensee an obligation to enter into such written agreements with, or execute such other instruments in favour of, any other subsequent licensee as may be specified in the scheme; and
- (d) make such supplemental, incidental and consequential provisions as the transferor licensee considers appropriate including provision specifying the order in which any transfer or transaction is to be regarded as taking effect.

(7) All debits and obligations incurred, all contracts entered into and all matters and things engaged to be done by, with or for the Board, or the Transco or generating company(ies) before a transfer scheme becomes effective shall, to the extent specified in the relevant transfer scheme be deemed to have been incurred, entered into or done by with or for the State Government or the transferee and all suits or other legal proceedings instituted by or against the Board or transferor, as the case may be, may be continued or instituted by or against the State Government or concerned transferee, as the case may be.

(8) In the event that a licensee is required to vest any part of its undertaking in another licensee pursuant to sub-section(5), the Commission shall amend the transferee licensee's in accordance with section 19 or revoke its licence in accordance with section 18.

(9) The Board shall cease to be charged with, and shall not perform, the functions and duties specified in sub-section (3) with regard to transfers made on and after the effective date.

24. (1) The State Government may by a transfer scheme provide for the transfer of the personnel to Transco, generating company(ies) and distribution companies ; on the vesting of properties, rights and liabilities in the Transco or generating company(ies) under section 23.

**Provisions relating to Personnel.**

(2) Upon such transfer scheme the personnel, shall hold office or service under Transco or generating company (ies), as the case may be, on terms and conditions that may be determined in accordance with the transfer scheme;

Provided that such terms and conditions on the transfer shall not in any way be less favourable than these which would have been applicable to them if there had been no such vesting.

(3) Notwithstanding anything contained in the Industrial Disputes Act, 1947 or any other law as is applicable, and except for the provisions made in this Act, the transfer of the employment of the personnel referred to in sub-section (1) shall not entitle such employees to any compensation or damages under this Act, or any other Central or State law or under the general law, save as provided in the transfer scheme.

**Explanation :-**

For the purposes of this section as well as the transfer scheme the term "personnel" shall mean all persons who on the effective date are the employees of the Board or the employees of the State Government on deputation or assignment to the Board and other persons assigned for the electricity generation, transmission, distribution and supply related work as may be notified by the State Government as forming part of the personnel under this section notwithstanding that they have been employed by other departments and organisations.

(3) Where the Commission, departs from factors specified in the Sixth Schedule of the Electricity (Supply) Act, 1948 while determining the licensees' revenues and tariffs it shall record the reasons therefor in writing.

(4) Any methodology or procedure specified by the Commission under sub-section (1), (2) and (3) above shall be to ensure that the objects and purposes of the Act are duly achieved.

(5) Every licensee shall provide to the Commission at least 3 months before the ensuing financial year full details of its calculation for that financial year of the expected aggregate revenue from charges which it believes it is permitted to recover pursuant to the terms of its licence and thereafter it shall furnish such further information as the Commission may reasonably require to assess the licensee's calculation. Within 90 days of the date on which the licensee has furnished all the information that the Commission requires, the Commission shall notify the licensee either:--

(a) that it accepts the licensee's calculation; or

(b) that it does not consider the licensee's calculation to be in accordance with the methodology or procedure in its licence, and such notice to the licensee shall:--

(i) specify fully the reasons why the Commission considers that the licensee's calculation does not comply with the methodology or procedures specified in its licence or is in any way incorrect, and

(ii) propose a modification or an alternative calculation of the expected revenue from charges, which the licensee shall accept.

- (b) shall be just and reasonable and be such as to promote economic efficiency in the supply and consumption of electricity; and
- (c) shall satisfy all other relevant provisions of this Act and the conditions of the relevant licence.

(7) No tariff or part of any tariff required by sub-section (6) may be amended more frequently than once in any financial year except in respect of any changes expressly permitted under the terms of any fuel surcharge formula prescribed. At least three months before the proposed date for implementation of any tariff or an amendment to a tariff the licensee shall provide details of the proposed tariff or amendment to a tariff to the Commission, together with such further information as the Commission may require to determine whether the tariff or amended tariff would satisfy the provisions of sub-section (6). If the Commission considers that the proposed tariff or amended tariff of a licensee does not satisfy any of the provisions of sub-section (6), it shall, within 60 days of receipt of all the information which it required, and after consultation with the Commission Advisory Committee and the licensee, notify the licensee that the proposed tariff or amended tariff is unacceptable to the Commission and it shall provide to the licensee an alternative tariff or amended tariff which shall be implemented by the licensee. The licensee shall not amend any tariff unless the amendment has been approved by the Commission.

PART IX

COMMISSION'S POWER TO PASS ORDERS AND ENFORCE DECISIONS

Interim Orders for Securing Compliance.

(1) Where the Commission is satisfied that a licensee is contravening, or is likely to contravene any relevant condition or requirement, it shall by final order under section 29 and, if it thinks fit appropriate in accordance with sub-section (2) by interim order under this section, issue such directions as it deems proper for securing compliance.

(2) In determining whether it is appropriate that an interim order be made, the Commission shall have regard, in particular to--

- (a) the extent to which the contravention or likely contravention by the licensee will affect the achievement of the objects and purposes of this Act;
- (b) the extent to which any person is likely to sustain loss or damage in consequence of anything which, is likely to be done, or omitted to be done, in contravention of the relevant condition, or requirement, before a final order can be made; and
- (c) the extent to which (having regard to the following provisions of this section) there is any other available remedy in respect of the alleged contravention of a relevant condition or requirement.

(3) If the Commission proposes to make an interim order, it shall give notice to the licensee--

- (a) stating that it proposes to make the order;
- (b) setting out--

- (i) the relevant conditions or requirement which the proposed order is intended to secure compliance;

(iv) the effects of the proposed order.

(c) specifying the period (being not less than 5 days  
from the date of notice) within which the licensee may  
make representations or objections to the proposed  
order.

(4) Subject to sub-section (5), having considered any  
representations or objections from the licensee pursuant to  
sub-section (3) (c), the Commission may make an interim  
order (which may be modified from the proposed order  
following the licensee's representations or objections) at any  
time after expiry of the period referred to in sub-section (3) (c),  
if-

a) the Commission has good reason to believe that  
the licensee to whom the order relates has  
contravened or is contravening or is likely to  
contravene any relevant condition or requirement;  
and

(b) the provisions made by the order are requisite for  
the purpose of securing compliance with that  
condition or requirement.

(5) The Commission may not make an interim order if it  
is satisfied that the licensee has agreed to take and is taking  
all such steps as the Commission considers that the licensee  
should take to secure or facilitate compliance with the  
condition or requirement in question;

(6) An interim order--

(a) shall require the licensee to whom it relates  
(according to the circumstances of the case) to do,  
or not to do, such things as are specified in the  
order or are of a description so specified;

(b) shall take effect from such time, being the earliest  
practicable time, as is determined by the order;  
and

- (c) may be revoked, modified or rescinded at any time by the Commission, but in any event shall cease to have effect at the end of such period as is stated in the order unless the Commission is at that time following the procedure set out in section 29 to declare the interim order to be a final order.

(7) As soon as practicable after making an interim order, the Commission shall--

- (a) serve a copy of the order on the licensee to whom the order relates;
- (b) publish the order in such manner as it considers appropriate for the purpose of bringing it to the attention of persons likely to be affected by it; and
- (c) commence proceedings to declare the interim orders to be a final order in accordance with section 29.

**Final Orders for  
Securing  
Compliance.**

29. (1) If the Commission proposes to make a final order or to declare an interim order to be a final order, the Commission shall give notice--

- (a) stating that it proposes to make the final order or to declare the interim order to be a final order;
- (b) setting out the information referred to in sub section (3)(b) of section 28 in respect of the proposed final order; and
- (c) specifying the period (being not less than 60 days from the date of publication of the notice) within which representations or objections to the proposed order may be made;

and shall consider any representations or objections that are duly made and not withdrawn. The Commission shall publish notice of such representations or objections and specify a period (being not less than 30 days from the date of publication of the notice) within which further representations or objections may be made.

(2) A notice under sub-section (1) above shall be given--

of bringing the matters to which the notice relates to the attention of persons likely to be affected by them; and

(b) by serving a copy of the notice, and a copy of the proposed final order on the licensee to whom the order relates.

(3) The Commission shall not modify the proposed final order as a result of any representations or objections received following publications of the notice referred to in sub-section (1), except-

(a) with the consent to the modification of the licensee to whom the proposed final order relates; and

(b) after complying with the requirements of sub-section (4) below.

(4) The requirements mentioned in sub-section (3) above are that the Commission shall:--

(a) serve on the licensee to whom the proposed final order relates such notice as appears to the Commission requisite of its proposal to modify the proposed final order, together with details of such modifications;

(b) in that notice specify the period (being not less than 30 days from the date of the service of the notice) within which representations or objections to the proposed modifications can be made; and

(c) consider any representations or objections which are duly made and not withdrawn within 10 days.

(5) The provisions of clauses (a) and (b) of sub-sections (5) of section 28 shall apply to final orders.

(6) As soon as practicable after making a final order, the Commission shall with respect to the final order, follow the procedure set out in clauses (a) and (b) sub-sections (7) of section 28.

65

(7) The Commission may revoke a final order at any time, but before revoking a final order the Commission shall give notice:—

(a) stating that it proposes to revoke the order and setting out its effect; and

(b) specifying the period (being not less than 30 days from the date of delivery of the notice) within which representations or objections to the proposed publication may be made, and shall consider any representations or objections which are duly made and not withdrawn within 10 days.

(8) If, after giving a notice under sub-section (7) above, the Commission decides not to revoke the final order to which the notice relates, it shall give notice of its decision to the concerned persons.

(9) A notice under sub-section (7) or (8) above shall be given by the procedure set out in clauses (a) and (b) sub-section (7) of section 28.

**Effect and enforcement of Interim and Final Orders and Emergency Provision.**

30. (1) Without prejudice to section 46 of this Act, all orders and directions, interim or final, passed by the Commission shall be enforceable in law as if it is a decree passed by a Civil Court.

(2) The Commission shall be entitled to take such assistance of the police and other authorities in the State required to effectively enforce the orders and directions given by the Commission.

(3) The Commission shall be entitled to give directions for vesting of the management and control of any of the undertaking of the licensee with the assets, interests and rights of the undertaking pending any inquiry and passing of interim or final orders in the matter, if the Commission considers, taking into account the object and purposes of this Act and the need to maintain continued supply of electricity in an efficient and safe manner to the consumer, it is imminent to pass such orders or directions. Such directions or orders shall not be questioned on the ground that no prior notice of or hearing on the intention to pass the order or direction was given to the licensee. The Commission shall however give opportunity to the licensee and hear the licensee before passing further orders in terms of sections 28 and 29 of this Act.
