STATEMENT OF OBJECTS AND REASONS

The Model Tenancy Act (MTA), 2021 was designed by the Government of India to overhaul the archaic rental laws that have governed the country for decades. Before this, rental markets were often stagnant because laws were heavily skewed toward protecting tenants, making landlords hesitant to rent out vacant properties.

A primary reason for the MTA was the realization that millions of houses remain vacant in urban areas because landlords fear losing possession of their property. The Bill aims to provide a speedy adjudication process to give landlords the confidence to lease their premises.

The State Government has considered it necessary to enact a law on the lines of the model Bill suggested by the Government of India. The new Law aims to regulate the rent as per the terms and conditions of the agreement to be entered into between the owner of the premises and the tenant. It also aims to balance the rights and responsibilities of the landlord and the tenant and provide regulation of the rent as per the agreement.

This Bill seeks to achieve the aforesaid objects.

The following notes on clauses explain, in brief, some of the important provisions of the Bill: -

Clause 1.- This clause provides for sort title, extent and commencement of the Act.
