STATEMENT OF OBJECTS AND REASONS

The digital survey process, which is being carried out at a rapid pace in the State of Kerala, is in its final stage. Once digital survey process gets completed in each village, the digital survey records will become the authoritative document regarding the land. During the digital survey, it has come to the notice of the Government that individuals are in possession and enjoyment of excess land undisputed, lawfully and without any objection. The Government is satisfied that it is appropriate to grant a Certificate of Ownership regarding such excess land after completing due procedures to respective individuals. The Government have decided to provide provisions for ensuring greater accuracy of land records by granting Certificate of Ownership to individuals in possession and thereby protecting the Government property.

The Bill seeks to achieve the above objects.

The Bill, if enacted and brought into operation, would not involve any additional expenditure from the Consolidated Fund of the State.
