STATEMENT OF OBJECTS AND REASONS

The Rajasthan Imposition of Ceiling on Agricultural Holdings Act, 1973 was enacted to provide for the imposition of ceiling on agriculture holdings in the State of Rajasthan. In the year 2012, section 17 of the said Act was amended to provide for exemption from ceiling for the land which is to be acquired for non-agricultural purposes.

There are large prospects of generation of solar and wind energy in the State of Rajasthan. The Government desires to achieve maximum generation of renewable energy every year. Though, the Government has been allotting the vacant Government land for setting up of solar and wind power plants, it has felt that the developers engaged in the solar and wind projects may need private land also. The Government of India has also pressed the need for exempting the solar and wind power project from land ceiling.

To encourage the acquisition of private land by negotiation without resorting to the compulsory acquisition, it will be expedient in the public interest that the land acquired for Solar Farm/Park, Solar plant/Solar Power Plant, or Wind Farm, Wind-Solar Hybrid Projects or related activities, be exempt from ceiling. Therefore, section 17 of the Act is proposed to be amended suitably.

The Bill seeks to achieve the aforesaid objectives.

Hence the Bill.
