*The Singur Land Rehabilitation and Development Bill, 2011.***STATEMENT OF OBJECTS AND REASONS.**

The State Government for employment generation and socio-economic development by setting up of Small Car Project providing employment and industrial development had transferred 997.17 acres of land situated at Singur in favour of West Bengal Industrial Development Corporation Limited (hereinafter referred to as "WBIDC") after acquisition for facilitating of setting up of Small car project by Tata Motors Limited (hereinafter referred to as "TML") and factories or industries ancillary thereto for socio-economic development and generation of employment and immediately after such transfer, the WBIDC without charging any premium has granted a lease of 647 acres of land at an annual rent in favour of the TML for the sole purpose of small car production so that the object and purpose of the State could be achieved and hereafter issued letters of allotment to several ancillary Industries as recommended by the TML (for short vendor) by charging premium and at nominal annual rent.

2. Since the grant of lease to the TML, four years have passed but no small car production industry has been commissioned for regular production of small car, which has in fact been abandoned by the TML as announced by the TML and reiterated in their letters including the letter dated 28.09.2010 and the TML have already transferred, removed the small car project and all machinery and equipment from the said land to another State. So far as letters of allotment issued to the ancillary industries recommended by TML for the purpose of setting up of the industry/factory is concerned, the object has also totally failed. None of those industrial undertakings have taken any step for obtaining lease in terms of letters of allotment or at all have not set up any industry and the land has been lying unutilized for more than three years. No employment generation and socio-economic development has taken place and people in and around the area have not been benefited in any manner, whatsoever, although more or less Rs. 137 crore has been paid by WBIDC as compensation to landowners and the State Government has spent more than Rs. 76 crore for construction drainage and other infrastructure. In addition, the State Government has incurred expenses for providing security at site.

3. The WBIDC in view of non-achievement of object, purpose of the land lease and letters of allotment, do not want to remain as owner of the land and is keen on ownership of the land being vested in the State and the State Government have agreed to reimburse WBIDC for the amount of compensation paid.

4. Several owners of the land/farmers have protested against acquisition against their wishes and have not accepted any compensation and on having realized that there is no scope of generation of employment have been clamouring for return of their land and staging agitations in that area endangering safety and security of the area which unless properly handled urgently, serious law and order problems is likely to develop.

The Singur Land Rehabilitation and Development Bill, 2011.

5. In the circumstances, the State Government in public interest considers it necessary to take back the ownership of those plots of land and to take over possession thereof in view of total frustration of the object and purpose of allotment/lease of land and for ameliorating ascending public dissatisfaction and agitation and to take steps urgently for return of the land to the unwilling owners of the land who have not accepted any compensation and to utilize remaining portion of the land in public interest for benefit and socio-economic development of the State of West Bengal.

6. The Bill is framed with the above objects in view.
