

Information for General Public: Availability and use of necessary medicines in India

✦ Hydroxychloroquine (HCQ) is a prescription medicine and its sale is totally prohibited without a valid prescription by a doctor

It is harmful to consume HCQ without prescription as it may have adverse effects on your health

✦ Adequate quantities of HCQ have already been procured for the following categories:

- ➔ Patients who have been clinically advised
- ➔ Health workers at risk due to their direct contact with COVID-19 patients
- ➔ Household contacts of confirmed COVID-19 cases

HCQ is only for the above mentioned categories and not for general public
