

General Election 2024: Phase 7 (June 1, 2024)
 Profile of Candidates from Major Parties
 May 2024

Introduction

General elections to the 18th Lok Sabha are being held in seven phases across two months. In the seventh phase, elections are being held in 57 constituencies across eight states. Many candidates contesting elections have served as parliamentarians previously. In some cases, they may have served multiple terms, across Lok Sabha and Rajya Sabha. Understanding their participation in Parliament can help voters make a more informed choice. In this report, we have compiled data on the parliamentary experience and participation of candidates from major political parties. Data is organised alphabetically by state and constituency.

Data Structure and Sources

Data for each candidate has been presented as an individual report. It consists of background information about the candidate, including the constituency they are contesting from, and the party they are representing. Age, gender, and details of education are also given. Details of previous parliamentary experience have been captured separately for Lok Sabha and Rajya Sabha. This information has been compiled from the affidavits filed by candidates for nomination, and the Lok Sabha and Rajya Sabha websites.

Details about participation have been made available for: (i) 14th (2004-09), 15th (2009-14), 16th (2014-19), and 17th (2019-24) Lok Sabha, and (ii) in case of Rajya Sabha, since June 2009. Details include their attendance in the House, the number of questions they have asked, the number of debates they have participated in, and the number of private members Bills they have introduced. Along with the individual's participation data, national averages for each of these indicators have been provided. National averages have been computed for each MP based on their time in office to enable comparison. Hence, they may be different for different MPs depending on the duration of office. This information has been put together by PRS Legislative Research, and is also available through [MP Track](#) on the PRS website.

If an MP has been a minister, the Speaker, or the Deputy Speaker, their participation is not counted. Hence, in such instances, participation data is not applicable. If an MP held these designations only for a part of their term, participation data is applicable only for the duration where they did not serve in these positions.

Data availability is limited in some instances. National averages have not been provided for the duration of 14th Lok Sabha. For MPs of Rajya Sabha, data for participation before June 2009 has not been included. Notes have been added to individual candidates' pages to clarify these details. Links to the candidates' affidavits and their individual MP Track pages have also been provided for reference.
